

FIVE TOWN MASSIVE, VOLUME 9.

MUSIC BOOKING SHEET

During late December in Bristol VT, there is a tradition that brings people together to celebrate the gifts we all bring to the world. Now in it's 9th year, The Five Town Massive is a steadily growing multi-media community experience that facilitates opportunities for artists to show their work and interact with a public audience. We open the space for artists to exhibit their work to a larger community while at the same time giving that community the space to understand, appreciate or simply be exposed to creative work and the people making it. We have traditionally created a show that includes gallery art, live music performance, and a presentation of short films.

We are very glad to offer an open submission process for inclusion in this show. The short amount of time it takes to fill out this form will greatly improve our ability to experience your work and communicate with you. Please read and fill out these forms carefully, and include any further information you feel may be important to the reception of your work.

Our goal is to create a well-rounded showcase of work that draws from many communities, age groups and life experiences. Please understand that submission of materials for review in no way guarantees that your work will be included in The Five Town Massive, Volume 9, though it is the first step in getting there. If your work is not selected, please know that there are many variables that go into our selection process and our decision should not be taken as a reflection on the quality of your work. We are not here to be critics, simply to select a sampling of work and present it to the public.

We would also like to make it very clear that when submitting material for review, do not send originals. We are unable to return any materials sent to us and consider any such materials as our property for the purpose of consideration for exhibition in The Five Town Massive, Volume 9. All requirements for submitted materials are posted at the top of each application form.

Thank you for taking to time to consider being a part of this community experience. We look forward to seeing what comes in this year, build new relationships and expand our understanding of what it means to create culture in the present time.

**Due Date:** All submissions should be postmarked by **November 15**. Submissions postmarked later than that will be considered up to the 20th of November, though these will be considered in second to submissions that meet the **15th** deadline.

PLEASE SEND ALL MATERIAL TO:

## MUSICAL ACT BOOKING FORM

Music is an integral part of our original vision for a whole-arts experience. We are always interested to learn more about people making music in our world community. We appreciate your time. These forms aid us in communicating with everyone properly.

**PLEASE SEND RECORDINGS ON CD OR CASSETTE. DO NOT SEND YOUR MASTER COPY. SUBMITTED MATERIALS WILL NOT BE RETURNED.**
